Bariatric, 1 Arm

Bariatric, Armless

One of the most beautiful and versatile seating systems ever conceived, Zola breaks new ground as a high-style, high-function solution for corporate, healthcare, educational and public spaces. With superb continuity and an extensive product offering, it seamlessly ranges from freestanding soft seating and tables to a wide array of modular and linked groupings.

HEALTHCARE SOLUTIONS

solutions@krug.ca | www.krug.ca | 1.888.578.KRUG

Zola has been designed for healthcare and other intensive use environments, with some important features: removable and replaceable upholstery covers, an anti-microbial finish, a standard clean-out between the seat and back, and a urethane arm cap. Modular construction provides for complete cleaning and disinfecting of the entire unit, and GREENGUARD™ indoor air quality certification, make Zola an excellent solution for healthy spaces and caregiving environments. Bariatric sizes are included in the offering.

Zola is designed to enable change: components are inter-changeable, reconfigurable, and replaceable. Metal to metal bracketry and frames are designed for fast, easy reconfiguring, and new components can be added at any time. Its unique leveller provides exceptional levelling capability over large spans, and on uneven floors. An heavy duty casters provide seating with mobility.

TABLET
Optional Tablets are available on Zola Modular in veneer, glass, plastic laminate and Palette solid color finishes.

CLEAN OUT & ARM CAP OPTION
A clean-out space between the seat and back makes for easier cleaning and maintenance. An optional urethane arm cap provides durability and assists with infection control.

POWERDOC
The flush-mounted PowerDoc provides dual power/USB outlets for multiple devices. It can be located on either side of the seat, seat front, as well as on the front face of tables as standard.

WALL SAVER
The angle of the Zola Lounge back and the rear legs are designed to keep the back away from the wall, to prevent wear and damage to both the chairs and to the walls of the room.

OPTIONAL UPHOLSTERED PAD
An upholstered pad is available on wood and palette finished backs.

RECONFIGURABILITY
Table-to-seat and seat-to-seat connections are designed for easy reconfiguring - tables and seats are not marred or damaged when connected, and re-connected.
